This is NOT about GROWTH, but about our town recovering from the deep financial impacts of the COVID-19 virus and for the long-term. How can we become more self-reliant and less dependent on Federal handouts, while still preserving our traditional, small town values? How can we help local businesses generate the retail taxes to underwrite the cost of services the Gustavus people want to have available? Bring your ideas and concerns about our economic future to an informal discussion with neighbors and friends.

We want to focus on four \$million dollar/per year (or more) in cash sales industries:

1. Rejuvenate our **Visitor Industry**
2. Reinvigorate our **Local Businesses**
3. Elevate our **Local Food Production** capacity
4. Gustavus as a **Science, Learning, and Leadership**  
conferencing & workshop destination
