LETTER OF APPRECIATION

Gustavus Fire Chief, Travis Miller

On behalf of the City Council and staff, we express our appreciation for your efforts to keep the City safe. Since joining the City on July 5, 2016, the Gustavus Volunteer Fire Department has seen readiness improvement and increased capabilities. Your leadership in the execution of safety protocols during the recent pandemic prevented spread of the few positive cases that arrived in our community. In addition, the consistently accurate information, as well as the insightful recommendations, assisted us in our decisions on various policy matters.

As Fire Chief, the community has enjoyed the confidence that is the result of vigorous training and continuing improvement of your crews. The esprit de corps of our volunteers demonstrates the cohesion and support you have developed during your time as Fire Chief.

The City Council and all of us that have enjoyed working with you appreciate your service and wish you the very best.

From all of us – THANK YOU

Brittney Cannamore, Mayor
