**Subject:** Drainage Restoration Project

Attn: City Administrator and City Council

As a resident of the Same Old Road, I am against the proposed Drainage Restoration Project.

This project is neither needed nor warranted. It would be destructive and intrusive to the surrounding properties. None of the suggested solutions appear to have been vetted by a properly licensed Hydrologist Engineer. It is, in essence, a solution seeking a problem. This project would be an enormous waste of tax payer dollars. I am skeptical that the tax paying community would be behind this project, were they aware of the size, scope, and significant costs involved.

I will not be giving the City permission to access, cross, or otherwise expose my property for this project.

Sincerely,

Anthony Proto

78 Same Old Road

Gustavus, AK
