Hello City Council Members and Administrator,

Mike and I agree with Tim Sunday's email sent to you Monday June 23rd regarding the proposed restoration project in the Glen's Ditch/Same Old Road neighborhood. We share multiple neighbors' concerns regarding the scope and necessity of this project in the Glen's Ditch and Same Old Road neighborhood. After 21 years of living at our property at 50 Same Old Road we have not seen any glaring issues on our road or surrounding roads that would necessitate this large scale project and do not understand the level of need for this. At this point we feel we do not have enough information as to the benefits and background as to who's concerns this project was prompted from and how it came about to be such a large scale effort.

While it does not appear work will be directly done on our property, we value and share our neighbors' concerns about work that would be done on theirs and the potential future effects it could have on all of us.

We would like to be on record, for the various reasons stated above, to NOT be in support of a restoration project in our neighborhood at this point.

Respectfully,

Dawn Walker and Mike Atkins
