To whom it may concern,

My name is Jozée Archambault and I live on that street... I was wondering why the drainage ditch is proposed on that side of the road ????

At the end of the road , toward Glen's ditch, the plan is to cross the street and go to Glen's ditch road and the ditch itself...

Would it not be wise to put it on the side of the road that it needs to be at the end...???
Towards Glen's ditch....????

I am just saying.....

Believe me I do agree that our neighborhood could use a drainage system... Thank you 😊
for reading me....

I wonder what my neighbors think...???
