

Reminder for calling 911 in Gustavus

The quickest and most direct way to reach Gustavus Volunteer Fire Department (GVFD) 911 Dispatch when you are using a cell phone is to dial (907) 697-1000.

Dialing 911 from your landline will also connect you with GVFD Dispatch, but if you are dialing 911 from a cell phone, the call will be routed through the Alaska State Troopers (AST) Dispatch. Let AST know where you are, including the city, and the nature of the emergency. AST will gather the information and relay the call to Gustavus Volunteer Fire Department Dispatch.
