## Policy and Procedure for Public Records Management

### Overview:

The City of Gustavus, during the course of conducting its everyday business, generates numerous documents, files, correspondences, e-mails, memorialization and the like. Some of these materials constitute an important public and historical record and should be retained, while others are of a more transitory nature and are of value only until they have served their immediate purpose. As a body, they represent a record of the activities of the City and provide a fundamental method for the public to understand, appreciate, challenge or otherwise interact with the process of governance.

It is the purpose of this Policy and Procedure to establish definitions of various categories of public records as they relate to the City of Gustavus, recommend methods for how they are created and stored, establish a set of rules on how the public can access them, and set forth a schedule and process whereby those records are retained and/or disposed of.

### Definitions and General Rules:

*What is the definition of 'public records?' State law answers the question 'what is a record?' for all municipal governments in Alaska in AS 40.25.100-.220. AS 40.25.220(3) defines them as "books, papers, files, accounts, writings, including drafts and memorialization of conversations, and other items, regardless of format or physical characteristics, that are developed or received by a public agency, or by a private contractor for a public agency, and that are preserved for their informational value or as evidence of the organization or operation of the public agency."*

*What would be considered a non-record?* Documents or materials that do not set policy, establish guidelines or procedures, certify a transaction, become a receipt, or indicate the business process of the City. A non-record tends to be informational by nature, short-lived, with no historical significance, does not show evidence of the organization or operation, and does not need to be retained after it has served its purpose. Examples include:

- Routing requests for information or publication, which require no administrative action, policy, decision or special compilation or research, and copies of replies.
- Letters of transmittal that do not add any information to that contained in the transmitted material.
- Quasi-official notices including memoranda and other records that do not serve as the basis of official actions (i.e., holiday notices, meeting information, etc.)

*Who has access to public records?* As a general rule, "Unless specifically provided otherwise, the public records of all public agencies are open to inspection by the public under reasonable rules during regular office hours" See AS 40.25.110(a). This statute assumes that virtually all records are public and subject to inspection, with certain limited exceptions. And as the clause implies, it is up to the City of Gustavus to establish 'reasonable rules' for the public access to those records.

*What is a records retention schedule?* As any citizen might suppose, retaining the entire "storm of paper" that emanates from City Hall is an impossible task. It is incumbent upon the City of Gustavus to develop a records plan and retention

schedule to manage this situation.

*When can a public record be withheld?* A record may be withheld from public disclosure only if a legal exception that authorizes withholding access can be identified. Exceptions are set out in State statute or established through court decisions and generally pertain to issues of confidentiality. The burden of proof for withholding public access rests with the municipality.

*What records are NOT subject to public inspection?* Certain kinds of records are not subject to public inspection under AS 40.25.12.120(a) and decisions of the Alaska Supreme Court. The exceptions are:

- Confidential attorney-client records
- Records that come within the Alaska constitutional right to privacy
- Most personnel records
- Most records concerning conflict of interest and ethics investigations
- Records required to be kept confidential under City of Gustavus code. See 2.30.060(b)(2), 2.60.030, 4.14.070(g), and 6.01.050(a).
- Records required to be kept confidential by Federal or State law
- Records compiled for law enforcement purposed, under certain circumstances
- Retirement records
- Records that come within ‘deliberative process privilege’ (see below)

*How is confidentiality protected?* Except upon court order, confidential information shall be made available only to officials and employees of the City whose job responsibilities require such information. Confidential information shall be protected from disclosure by adequate physical, electronic, and procedural controls.

*Does labeling a document “draft” make a difference?* No. Draft documents are public records, as are final documents. See AS 40.25.220(3).

*Does labeling a document “confidential” make a difference?* Labeling a document “confidential” may make a difference because it clearly shows the intent of the author that the record should be kept confidential. However, a label alone does not make a record privileged.

*What about e-mail?* E-mail and other electronic documents and records are subject to the same rules of records management and public disclosure as traditional hard-copy files. It is important to recognize that public records apply to personal electronics such as phones and computers, as well as hard copies on personal notebooks.

*What is the “deliberative process privilege”?* The deliberative process privilege is a judicially recognized exception to disclosure. The Alaska Supreme Court (*Gwich’in v. State* [2000]; *Capital Info Group v. State* [1996]) ruled that “Public officials may assert [the deliberative process] privilege and withhold documents when public disclosure would deter the open exchange of opinions and recommendations between government officials. The privilege is intended to protect the executive’s decision-making process, its consultative functions, and the quality of its decisions.” The public’s right to know

and the government's interest in confidentiality require a "balancing test" between the interests, and, from a policy standpoint, the City of Gustavus communications that are exempt from public disclosure are only those listed in State statute or are matters taken by the City Council while in Executive Session.

*Can a person involved in litigation against the City of Gustavus make a request for public records if the request pertains to the case?* No. That person must instead use the rules of procedure applicable in a court or administrative proceeding.

*I am a member of a committee, or the Council and I get an information packet at the start of each meeting. Do I need to retain all the items in that packet as a record?* No. If a document is obviously a copy of a master document, or is stamped 'copy', there is no need to retain it. The City Clerk, or Committee Chair will retain master copies of such documents as records. However, if during the meeting you take notes on that document, the document then becomes influential in the decision-making process of the Council or Committee, and you should retain those notes and submit them as a record.

*What does historical record mean?* Many of these public records constitute historical documents that reflect important developments and trends in the public life of Gustavus, and as such should be retained for future reference. Any record listed for permanent retention on the schedule is considered an historical record. In addition, there are items generated throughout the course of events of City life that warrant retention as historical records, such as photographs, awards, or other mementos.

### **Hard-copy Documents**

As a rule, the generation and management of hard-copy documents is detailed in the records retention schedule. Transitory documents – records that are created primarily for the informal communication of information – have the shortest retention life, whereas documents that reflect communications designed for the perpetuation or formalization of knowledge merit longer retention. Documents that lie at the foundation of City function and operation merit permanent retention. See the Records Retention Schedule for details (Appendix 1).

### **E-mail**

Many e-mails are messages that contain pertinent information influencing the decision-making process or are the outcome of that decision making process and therefore constitute a public record and must be retained. City Council members, Committee members and City employees are responsible for retaining all e-mails generated in the conduct of City business through electronic mailbox folders corresponding to the Records Retention Schedule and shall file records into those folders. E-mails of a general informational nature that are sent to multiple addresses, that deal with simple matters such as setting up meeting dates or teleconferences, or are general public announcements, do not constitute records and can be discarded. General rules to follow for retaining e-mail messages include:

E-mails that constitute records are filed in their appropriate email folders.

If the e-mail deals with specific issues that might influence the character of an employee of the City of Gustavus or another committee member, OR, if the e-mail deals with impending legal action, sensitive financial information pertaining to the City of Gustavus, or sales or bed tax information pertaining to a business, it must be filed in a secure folder.

All files not deemed of a sensitive nature as described in the above paragraph are a public record and are available for public review via a link on the City of Gustavus website.

**Procedures to follow for a public records request:**

All requests for public records should be made to the City Clerk using the Request for Public Records Form (Appendix 3). If the request is made by e-mail, an electronic version of the form should be made available to the requesting party.

The response should be prompt but should not impact the normal work schedule of the City Clerk. If the response will require more than ten (10) business days, the City Clerk shall advise the requestor in writing of the need for additional time, and specify one or more of the following reasons: voluminous amount of records requested; need to search for and collect records from other offices; need to consult with someone else who is not present; request came at a time of peak workload; need to consult with City attorney.

The City Clerk, in the process of fulfilling a public records request, is not required to create any document that does not already exist.

The City Clerk is not required to organize public records in response to the request. The City Clerk is not required to manage or manipulate data, nor create new records, such as spreadsheets, in response to the request. The City Clerk may supply the requested records in either their original form (i.e., electronic or paper) or in a form specified by the requestor, at the City Clerk's discretion.

The requestor must describe the desired records in sufficient detail to enable the City Clerk to locate the records.

The City Clerk should ask for clarification or additional information if there is confusion or if the request is unclear. The City Clerk should make every reasonable effort to comply with the request but is not bound to spend more than one (1) hour total time searching for records.

All records requests pertaining to committees shall be administered by the City Clerk to assure compliance with policy. If committee members convey records to requesting parties without consulting with the City Clerk, this does not constitute a public records request.

The requesting party is responsible for covering the cost of duplication, as established in City of Gustavus resolution. If the City Clerk estimates an excess of one (1) hours' time to complete the records request, the Clerk shall advise the requestor, in writing of the estimated cost of request prior to initiating the work and inquire as to whether the requestor wants to narrow the request or proceed. The person's response should be in writing. E-mail is an acceptable use of correspondence.

If the production of records sought by a requestor in a calendar month exceeds one (1) person-hour, the city must require the requestor to pay the personnel costs prior to completion of the search and copy of the records.

If a record contains both disclosed (or non-sensitive) and non-disclosed (or sensitive) information, the non-disclosed information should be segregated and withheld by such means as redacting or blackening out the non-disclosed information, and the disclosed information provided.

If the request is denied in whole or in part, the City Clerk must explain in writing what

is not being provided and the legal basis for nondisclosure.

A denial, in whole or in part, may be appealed to the Alaska Superior Court.

### **Historical Records and Materials**

Only some of the records that meet the criterion described above qualify as historical records, and not all materials that revolve around City activities constitute records, but there may be materials that are worthy of permanent retention.

Any item listed as 'permanent' on the Retention Schedule is considered a historical record and must be retained in perpetuity in the City's filing system.

Other historical materials worthy of being retained might include such items as photographs of City events, Council members or community members, memorabilia generated during community activities, old records left over from the activities of the Gustavus Community Association, or any such items that pertain to the history and development of the community of Gustavus. Judgment should err on the side of retention if there is any question.

### **Record Retention Schedule and Storage**

Per municipal code 2.70.030, the Mayor shall approve a record retention schedule that details the types of records that will be retained and the period of time for which they will be retained, whether the period be days, years or permanently. When records are slated to be destroyed in accordance with the schedule, they will be catalogued on the Certificate of Record Destruction (Appendix 4). This form will be retained permanently and will serve as a voucher of all records destroyed according to the retention schedule.

Due to the limited storage available at the City Hall, records may be kept at another location to be determined by the Mayor and/or City Council. Permanent and records retained within the Records Retention Schedule shall be stored in a secured location off site.

**City of Gustavus  
Records Retention Schedule**

The purpose of the Gustavus Records Retention Schedule is to provide a timeframe for retention of City records; to assign responsibility and ownership of records; and to provide absolute guidance in the long-term maintenance and safekeeping of important City records. Research has been completed for each record series and the pertinent regulation or industry standard has been applied to establish retention.

Unless otherwise noted, all records in this schedule apply to all media types.

**CITY OF GUSTAVUS  
REQUEST FOR PUBLIC RECORDS**

It is the policy of the City to provide access to public records and information so that the right of the people to remain informed is protected. Public records are open for inspection during regular business hours.

All requests for City records shall be made in writing to the Office of the City Clerk/Treasurer. Use the City of Gustavus Public Records Request form when making a request for public record. The requester is required to sign the certification of Non-litigation Affiliation before the request will be processed.

The City of Gustavus will respond to a public records request in a prompt manner consistent with both legal restrictions and the City's obligation to the public. It is the intent that a public record request will be filled within 10-business days, or as soon as possible given the current workload.

Some records of the City are exempt from public disclosure because they are declared privileged or confidential.

If the production of records for one requestor in a calendar month exceeds five staff hours, the requester shall pay the personnel costs required during the month to complete the search and duplication of the record requested.

There will be a copy charge for items requested in the amount of .25/page. A double/sided copy is charged as two copies. If pages and/or documents are combined within a document such as a PDF, the charge will be based on the number of pages within the document.
