CITY OF GUSTAVUS

Policies and Procedures

Title: Internal controls

POLICY:

It is the policy of the City of Gustavus to establish and implement internal financial controls in accordance with accepted accounting practices to achieve the following goals:

- Safeguard City of Gustavus assets – well-designed internal controls protect assets from accidental loss or loss from fraud.
- Ensure the reliability and integrity of financial information - Internal controls ensure that the City Treasurer and City Council have accurate, timely and complete information, including accounting records, in order to plan, monitor and report business operations.
- Ensure compliance - Internal controls help to ensure the City of Gustavus is in compliance with the many Federal, State of Alaska, and local laws and regulations affecting the operations of our municipality.
- Promote efficient and effective operations - Internal controls provide an environment in which department managers and City Treasurer can maximize the efficiency and effectiveness of their operations.
- Accomplishment of goals and objectives - Internal controls provide a mechanism for the City Council to monitor the achievement of operational goals and objectives.
- Effective internal controls assure public confidence in how their City government is being run and how their tax money is being spent, and support a strong positive reputation for our City government and community with vendors, outside agencies, and other important stakeholders.

Management Responsibility: The City Treasurer is responsible for recommending internal control policy and procedures to the Mayor and City Council, for maintaining an adequate system of internal control, and for implementing the internal controls set forth by the City Council.
